AN ORDER transferring Certificate of Convenience and Necessity No. 11945 from Brune Pump Company dba China Spring Water Supply to C.S. Community Water Supply Corporation

On January 31, 1990, the Texas Water Commission considered the application of Brune Pump Company dba China Spring Water Supply to transfer Certificate of Convenience and Necessity No. 11945 to C.S. Community Water Supply Corporation pursuant to Section 13.251 of the Texas Water Code and Section 291.111 of the Texas Water Commission Permanent Rules. A Memorandum reflecting the agreement of the parties was presented to the Texas Water Commission by Deborah R. Parker, Attorney, a Commission Hearings Examiner, who conducted a public hearing on the application on December 29, 1989.

The following were designated as parties to the proceeding: Applicant, C.S. Community Water Supply Corporation; the Executive Director of the Texas Water Commission; and the Public Interest Counsel of the Texas Water Commission. Hunt's Water Operation initially named as a party, subsequently withdrew its protest and withdrew as a party to the proceeding.

After considering the agreement of the parties and the evidence and arguments presented, the Texas Water Commission makes the following Findings of Fact and Conclusions of Law:

## FINDINGS OF FACT

1. Brune Pump Company dba China Spring Water Supply applied to the Texas Water Commission for the transfer of Certificate of Convenience and Necessity No. 11945 to C.S. Community Water Supply Corporation to authorize the provision of retail water utility service in McLennan County, Texas.
2. Proper notice of the application and public hearing was given pursuant to Section 13.251 of the Texas Water Code; Section 291.111 of the Texas Water Commission Permanent Rules; and Section 13(a) of the Administrative Procedure and Texas Register Act, TEX.REV.CIV.STAT.ANN. art. 6252-13a (Vernon Supp. 1989).
  - a. Notice of the application was mailed on July 3, 1989, to customers of China Spring Water Supply in McLennan County, Texas.
  - b. Notice of the application was mailed on October 6, 1989, to neighboring utilities and affected parties.
  - c. Notice of the application was published on October 10 and October 17, 1989, in The Waco Citizen, a newspaper regularly published and generally circulated in McLennan County, Texas.
  - d. Notice of the public hearing was mailed on December 4, 1989, by the Chief Clerk of the Texas

Water Commission to all parties and to any person requesting a hearing.

3. A public hearing on the application for the transfer of Certificate of Convenience and Necessity No. 11945 was held on December 29, 1989, in Austin, Texas.
4. The parties agreed that C.S. Community Water Supply Corporation is capable of rendering adequate and continuous service to every consumer within the certificated area.
5. The transfer of Certificate of Convenience and Necessity No. 11945 to C.S. Community Water Supply Corporation to provide water utility service in McLennan County, Texas, is necessary for the service, accommodation, convenience and safety of the public.

#### CONCLUSIONS OF LAW

1. The public hearing regarding the application of Brune Pump Company dba China Spring Water Supply to transfer Certificate of Convenience and Necessity No. 11945 to C.S. Community Water Supply Corporation was held under the authority of and in accordance with Chapter 13 of the Texas Water Code and Chapter 291 of the Texas Water Commission Permanent Rules.
2. The Texas Water Commission has jurisdiction to consider this application and is authorized to transfer

certificates of convenience and necessity for the provision of water utility service.

3. The transfer of Certificate of Convenience and Necessity No. 11945 from Brune Pump Company dba China Spring Water Supply to C.S. Community Water Supply Corporation is appropriate pursuant to Section 13.251 of the Texas Water Code.
4. After considering the adequacy of service currently provided to the requested area, the need for additional service in the requested area; the effect of the granting of a certificate on the recipient of the certificate and on any retail public utility of the same kind already serving the proximate area, the ability of C.S. Community Water Supply Corporation to provide adequate service, environmental integrity, and the probable improvement of service or lowering of cost to consumers in that area resulting from the transfer of the certificate, the Texas Water Commission concludes that the application of Brune Pump Company dba China Spring Water Supply should be approved and that Certificate of Convenience and Necessity No. 11945 should be transferred to C.S. Community Water Supply Corporation in order to implement the policies of this State as set forth in Chapter 13 of the Texas Water Code.

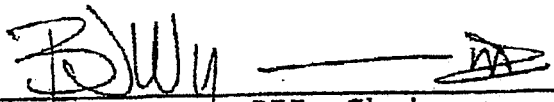

WHEREAS Chairman B. J. Wynne, III, and Commissioners John E. Birdwell and Cliff Johnson vote unanimously to issue this Order;

NOW, THEREFORE, BE IT ORDERED BY THE TEXAS WATER COMMISSION THAT:

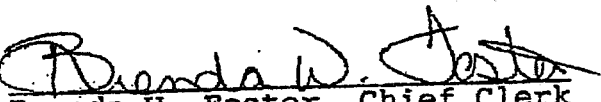

1. The application of Brune Pump Company dba China Spring Water Supply for the transfer of Certificate of Convenience and Necessity No. 11945 to C.S. Community Water Supply Corporation be approved.
2. C.S. Community Water Supply Corporation shall render adequate and continuous service to every consumer within the certificated area.
3. The Chief Clerk of the Texas Water Commission forward a copy of this Order to all parties and, subject to the filing of motions for rehearing, issue the certificate.
4. If any provision, sentence, clause or phrase of this Order is for any reason held to be invalid, the invalidity of any portion shall not affect the validity of the remaining portions of the Order.

Signed this 7th day of February, 1990.
