

SOUTHERN TRINITY GROUNDWATER CONSERVATION DISTRICT
COUNTY OF MCLENNAN, STATE OF TEXAS

HISTORIC USE PRODUCTION PERMIT

THIS CERTIFIES THAT: City of Moody
606 Ave. E.
Moody, Texas 76557
Phone: 254-853-2314

(the "Permittee"), has applied for an Historic Use Production Permit to withdraw and place to beneficial use groundwater from within the District, and that the Board of Directors of the Southern Trinity Groundwater Conservation District ("District") has APPROVED the application as follows:

1 Permit Category

This permit is a **Historic Use Production Permit.**

2 Permit Term

The term of this permit is **perpetual.**

3 Groundwater Source

The source of groundwater is the **Trinity Aquifer.**

4 Annual Groundwater Withdrawal Amounts

Permittee may withdraw groundwater from the Trinity Aquifer for beneficial, nonwasteful use in a manner not to exceed the following volume: **61,5005 Acre-Foot (20,040,000 Gallons) per calendar year.** This groundwater withdrawal amount has been calculated pursuant to Section 5.211 of the District's rules. It may be subject to proportional adjustment pursuant to Chapter 5, Subchapter B of the District's rules, as may be amended.

5 Purpose of Use

Permittee may use Trinity Aquifer groundwater only for **municipal purposes.**

6 Well Name(s), Location(s), and Maximum Rate of Withdrawal

Groundwater may only be withdrawn from the aquifer from a well(s) located at each of the location(s) and with a maximum rate of withdrawal(s) (flow rate) as follows:

<u>Name</u>	<u>Location (latitude/longitude)</u>	<u>Maximum Flow Rate</u>
Well # 1	N31D 18M 28S / W97D 21M 27S	160 gpm
Well # 2	N31D 18M 17S / W97D 21M 31S	130 gpm

**SOUTHERN TRINITY GROUNDWATER CONSERVATION DISTRICT
COUNTY OF MCLENNAN, STATE OF TEXAS**

7 Measurement of Amount of Groundwater Withdrawn

Permittee may only withdraw groundwater from a well that has an operating flow meter that meets the requirements of Chapter 8 of the District's rules.

8 Place of Use

Permittee may beneficially use Aquifer groundwater only within the Permittee's wholesale or retail water service area identified in the Certificate of Convenience and Necessity 10021, filed with the Texas Commission on Environmental Quality. Except as provided by 5.401(b) of the District's rules, as may be amended, if the place of use is not within the District's boundaries, Permittee must obtain a groundwater exportation permit from the District prior to the withdrawal of groundwater under the permit.

9 Well Construction, Operation, Maintenance, Closure

The well(s) identified in this permit shall be installed, equipped, operated, maintained, plugged, capped, or closed, as may be appropriate in accordance with the District's rules and all other applicable federal, state, and local laws, including by submitting a copy of a state plugging report to the District within 60 days after capping or plugging any well.

10 Water Conservation

Withdrawals of groundwater are required to be efficiently withdrawn and used in compliance with the District's rules and the District's water conservation plan, as may be amended, and Permittee's plan as approved by the District, as may be applicable.

11 Conveyance to Place of Use

Water authorized by this permit to be produced must be conveyed to the place of use in a manner to prevent evaporation, channel loss by percolation, or waste. Water conveyed greater than a distance of one-half mile from the wellhead where produced must be conveyed through a pipeline.

12 Meters; Alternative Measuring Method

Permittee shall install, operate and maintain the meter or alternative measuring method on the well(s) identified in this permit in compliance with the District's rules and the manufacturer's instructions.

13 Reports

Permittee shall timely file all applicable reports with the District on forms prescribed by the District as required by the District's rules, as may be amended, and other applicable law.

14 Fees

Permittee shall timely pay and remain current on the payment of all applicable fees to the District.

**SOUTHERN TRINITY GROUNDWATER CONSERVATION DISTRICT
COUNTY OF MCLENNAN, STATE OF TEXAS**

15 Interruption, Suspension, or Other Limitations Due to Drought

Permittee shall reduce water supply and consumption during times of drought in accordance with the District's rules and the District's management plan and Permittee's plan approved by the District, as applicable.

16 Groundwater Management Plan

Permittee shall withdraw and use groundwater only in accordance with the District's approved groundwater management plan, as may be amended.

17 Water Quality

Permittee shall use diligence to protect the water quality of groundwater in the District and shall comply with the District's water quality rules and take no action that pollutes or contributes to the pollution of groundwater in the District.

18 Transfers and Amendments

Permittee may transfer or amend this permit only in compliance with the District's rules.

19 Permit Review, Renewal or Extension Conditions

Permittee is subject to any review, renewal or extension conditions stated in the permit or the District's rules.

20 Change of Name, Address or Telephone Number

Permittee shall provide written notice to the District of any change of ownership, name of Permittee or the authorized representative, well operator, mailing address or telephone number within 30 days of such change.

21 Inspections by District

Any authorized officer, employee, agent or representative of the District shall have the right at all reasonable times to enter upon lands upon which a well may be located within the boundaries of the District, including the well(s) identified in Paragraph 6 of this permit, for the purpose of inspecting or testing such wells, meters, pumps and the power units of a well or wells, collecting water samples, and making any other reasonable and necessary inspections and tests that may be required or necessary for the formulation or the enforcement of the permits, rules or orders of the District. Permittee has a duty to ensure that the well site is accessible to District representatives for inspection and to cooperate fully in any reasonable inspection of the well(s) and well site by District representatives.

22 Additional Conditions

This permit is issued subject to the requirements of: (1) Chapter 8821, Texas Special District Local Laws Code; (2) Chapter 36, Texas Water Code, as may be amended; and (3) the District's Rules, as may be amended.

**SOUTHERN TRINITY GROUNDWATER CONSERVATION DISTRICT
COUNTY OF MCLENNAN, STATE OF TEXAS**

23 Enforcement

The District retains the right to take any and all enforcement actions within its legal authority to enforce compliance with the terms and conditions of this permit.

24 Continuing Jurisdiction of District

This permit is issued subject to the continuing jurisdiction of and supervision by the District, and may be amended from time to time consistent with applicable law, including if the District learns that any of the information set forth in this permit is incorrect on the date issued.

25 Permit Recordation

Within 30 days of the date of issuance of this approved permit from the District, Permittee shall record this permit with the County Clerk of every county in which the well(s) or place of use are located and provide a copy of the recorded permit to the District.

26 References to Law

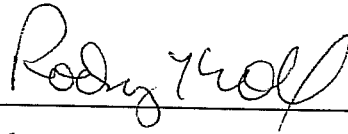

Any reference in this permit to a statute, rule, or other law of any kind, that exists on the date of issuance of the permit includes all subsequent amendments and additions thereto.

27 Other Matters Denied

All other matters requested in Permittee's application that are not specifically granted by this permit are denied.

VIA CERTIFIED MAIL RETURN RECEIPT: 70050390000108887019

The Board of Directors of the Southern Trinity Groundwater Conservation District ("District") has recently completed the Groundwater Management Plan and amended Rules for the District (a digital copy of the rules is on the enclosed CD-ROM disk or can be downloaded from <http://www.co.mclennan.tx.us/commis/stgwcd.aspx> or picked up from the District office at 420 N. 6th Street, Waco, Texas). Under the District Rules, all groundwater withdrawals for non-exempt uses in the District such as municipal, industrial or agricultural irrigation purposes, must be authorized by a valid Historic Use Production Permit ("HUPP"), a Non-Historic Use Production Permit ("NHUPP") or Interim Production Status. Well owners without a permit from the District will be required to cease all groundwater withdrawals. Exempt users of groundwater are required to register their well(s) with the District but no permit is required.

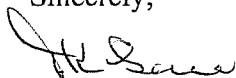

The State of Texas Groundwater Management Area 8 has designated 20,194 acre-feet per year as the amount of Managed Available Groundwater (MAG) available to be withdrawn from the portion of Trinity Aquifer within the District. The District's rules require that Historic Use Production Permits be issued based on the maximum amount of groundwater beneficially used in any single calendar year from 2000 through 2009.

The District's rules require all Historic users of groundwater within the District to file an administratively complete HUPP application with the District by no later than May 1, 2010, and pay the required application fee. I suggest that you file your application with the District as soon as reasonably possible so it may be reviewed for administrative completeness prior to May 1, 2010. A copy of this application is enclosed. A digital copy of the application can be downloaded at <http://www.co.mclennan.tx.us/commis/stgwcd.aspx> .

The District will hold a workshop on March 18, 2010 at 6:00 p.m. at the Hewitt Community Center at 208 Chama, Hewitt, Texas to help well owners complete their applications.

You are also encouraged to call the District office at (254) 759-5610 or email me at southerntrinitygcd@att.net to schedule a time to meet with me to review your application or to answer any questions regarding your application.

Sincerely,

Tricia K. Law

Re: Requirement to File Certified Service Area Map

Dear Utility Service Provider:

House Bill 2876 passed by the 79th Legislature, amended Chapter 13 of the Texas Water Code by adding Section 13.257(r) and (s). This statute requires water and sewer utility service providers holding a certificate of convenience and necessity (CCN) to record a certified copy of their CCN map in the real property records of each county in which the service area or a portion of the service area is located by **January 1, 2007**. The certification must be done by the Texas Commission on Environmental Quality (TCEQ). A boundary description provided by the CCN holder must also be filed in the real property records as outlined by the statute. CCN holders are required to provide information to the TCEQ that verifies that the county filing requirement has been met. For your reference, a copy of Water Code 13.257(r) and (s) is located on the back of this letter.

To assist you in meeting this requirement, the TCEQ has used its Financial, Managerial and Technical (FMT) Assistance Contractor, the Texas Rural Water Association (TRWA), to obtain a TCEQ-certified copy of your CCN map. The certified map(s) of your CCN area are enclosed. Some of the map(s) may be difficult to read due to age, reproduction or reduction to meet the 11" x 17" filing requirement.

After you have filed the certified copy of your map(s) with each applicable county, please send a copy of the certified, recorded CCN map(s) to the TCEQ by **January 31, 2007**, to document that the requirement has been met. Please also include a cover letter stating where the certified CCN map was obtained. For example, "the maps that were filed were obtained from the TCEQ mailing" or "we obtained the maps ourselves from central records." Please send this information to:

Texas Commission on Environmental Quality
Utilities & Districts Section, MC 153
P.O. Box 13087
Austin, Texas 78711-3087

If you have any questions about the information in this letter, please contact Ms. Tracy Harbour at 512/239-6952 or Ms. Tammy Benter at 512/239-6136. To request additional assistance through the TCEQ's FMT Assistance Contract, please contact Ms. Margot Taunton at 512/239-6403; Ms. Stacy Foster at 512/239-3105, or Ms. Elizabeth Flores at 512/239-6846.
